Item 5. Other Events

On December 29, 2000, ArenisSoft Corporation acquired all of the outstanding shares of Denon International Limited for approximately \$7.34 million. Denon International is a Dubai, U.A.E., based company organized in the British Virgin Islands with operations in Romania, Turkey, Greece, Northern Cyprus, Ukraine, Oman, Qatar, Bahrain, Kuwait, Kingdom of Saudi Arabia, Jordan and India.

Denon International develops, markets, implements and supports a fully integrated ERP system with an Arabic User Interface directed at the ERP market in the Middle East. The amount of consideration was determined through negotiations that took into account various factors concerning the business of Denon International including, among other things, the barriers to entry into the Middle Eastern ERP market and the market value of comparable companies.
